We offer you our house like you were our friends with the care we put into it. Its origins date back to the XVII century and it is linked to the transhumance. It is a shield living of typical masonry of the area and wooden beams, fully rebuilt keeping its original structure. It is very spacious and with lot of light. From ASETUR have given us the classification of 4 swords in February 2008 and they renovated it in July 2011. Its location in the Western side of the village offer wonderful views of the mountain chain, to integrate with the surrounding nature, which gives a huge peace and quiet. Services: pharmacy, health center, food, restaurants, etc..., 8 km in the village of Almarza.
