In autumn and spring we have a mycological guide that you can ask to get informed about how and where you can pick up this delicious food. After that we will identify, catalogue and cook them if you wish it.

We also have a small restaurant that to start the day we offer a breakfast composed by coffee, cocoa, juices, toasts, traditional bakery and yummy homemade jams.

You also can have lunch, dinner or a picnic. The kitchen is based on the flavors of the land, we have recovered these dishes that our grandmother used to make adapting them to the new time, crumbs, legumes, soups, stews, marinating, roast land and the typical desserts; custards, rice pudding, French toasts, crême caramel. In autumn and spring the mycology is included in our menus.

When you decide to go if you want to carry on tasting our products at home, we have a small shop to keep remembering us.
