

Casa Rural Casa Carmen

44409 EL CASTELLAR (Teruel)

639.535.772 - 978.800.222

Web: www.casaruralcarmen.com

It is built with stone, wood and forge, both inside as outside. It is of new building, respecting the environment that surrounds it, and occupies the place of an old big house. It has 3 floors, with access since the inside to the ground floor and by other street, to the first one. On the ground floor is the garage (with capacity for 2 cars or 3 small), sink and a toilet. On the first floor we have a wide fully equipped kitchen (hob, microwaves, washing machine, coffee machine and with all the tools you need), big living-dining room with firewood heater with fire, two double bedrooms and a full bath with shower. This floor has direct access to other street so although it is not adapted, it is totally accessible and practicable for disabled people. And on the second floor we have two totally independent units. Each one has two double bedrooms and a full bathroom with bath. When the house is rented by bedrooms, only the customers of the first floor can use the kitchen.
